Results (Detailed)

Canadian Criminal Record Check		
Result: CLEAR		
Canadian Criminal Record Check	CLEAR	Based solely on the name(s) and date of birth provided and the criminal record information declared by the applicant, a search of the RCMP National Repository of Criminal Records did not identify any records with the name(s) and date of birth of the applicant. Positive identification that a criminal record does or does not exist at the RCMP National Repository of Criminal Records can only be confirmed by fingerprint comparison. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records.
Local Police Information	Clear	A search based on the name and date of birth of the subject has identified no additional relevant information held within Local Police Records.

Results are obtained through searches conducted by Sterling Backcheck's Canadian police partner(s), using the candidate's name(s), date of birth and declared criminal record as provided to Sterling Backcheck. A confirmed criminal record declaration may not contain all criminal record convictions and does not constitute a Certified Criminal Record by the RCMP. If the candidate disputes this result or if it is inconclusive, a Certified Criminal Record may be required. A Certified Criminal Record can only be issued by CCRTIS based on the submission of fingerprints to the RCMP National Repository of Criminal Records.
